The email below is an example of how SASS school office are communicating the assessment options on the relevant modules to students via an announcement. This announcement replicates the information from the groups link block itself to ensure that the hyperlinks are correct and robust for a potentially plain text email on the part of the recipient (in case you were wondering about the possibly redundant link in brackets).

Best,

Fiona

In this module you are offered the choice between completing:

- A. 800 word book review OR
- B. Five minute presentation

Option A is the default option so you will be enrolled on that assessment automatically **unless** you indicate by clicking [this link](#) ([https://studentcentral.brighton.ac.uk/webapps/blackboard/content/launchLink.jsp?course\\_id=109825\\_1&content\\_id=3283528\\_1&mode=cpview](https://studentcentral.brighton.ac.uk/webapps/blackboard/content/launchLink.jsp?course_id=109825_1&content_id=3283528_1&mode=cpview)) and following the instructions that you wish to complete Option B instead.

If you wish to exercise this choice you must do so by **9AM on FRIDAY 2ND NOVEMBER**. Due to module administration constraints, it will be impossible to switch option after that date. Attempting assessments for which you are not enrolled is likely to lead to module failure.
