

## EPSRC Centre for Doctoral Training in Sustainable Electric Propulsion

Research Showcase Event  
Wednesday 24<sup>th</sup> February 2021: 13.00-16.00

*The CDT is supported by over 30 industrial and network partners to deliver unprecedented high-quality research and comprehensive training*

Are you from industry and would also like to become involved with the Centre?

Are you a recent graduate interested in carrying out a PhD with us?

Join us at this event where we will give an update on the Centre's performance, showcase some of our research and training activities and discuss future directions with industry and stakeholders

The event will be held online

To reserve a place please register attendance via this [link](#)
