MAP

RESEARCH TO MAKE A DIFFERENCE

MAP: Methods of Assessing
Perinatal anxiety

This project is funded by the National Institute for Health Research (NIHR), HS&DR Programme (17/105/16). The views expressed are those of the authors and not necessarily those of the NIHR or the Department of Health and Social Care.

SUPPORTED BY

NIHR | National Institute
for Health Research

Join our research to make a difference to how women experience NHS care in pregnancy. MAP research looks at how to provide better care for women's mental health in pregnancy, in particular anxiety, and how to identify women who need help.

We need pregnant women to take part in our research so we can find out about your experiences. We need women from all backgrounds so, whatever your background or experience of pregnancy, please consider joining the MAP research programme and helping make a difference.
