www.gladstudy.org.uk

ENRICH
Enabling Research in Care Homes

University of Lincoln and Lincolnshire Partnership NHS Trust collaborating, to host Enabling Research In Care Homes (ENRICH) Forums. Bringing together Care Home Owners/Managers in Lincolnshire with the University and LPFT to explore and achieve research funding opportunities in care homes

Action research exploring transitions into care homes

The University of Lincoln in partnership with Tanglewood Care Homes Group, the Lincolnshire ENRICH (Enabling Research in Care Homes network) and Lincolnshire Partnership Foundation Trust are supporting the work of a research fellow based within the Tanglewood Care homes group to undertake action research to explore and improve older people's transitions into care homes.
