

The Story so far
May 2018!

Co-Production
Health and Social Care
Contest
Changing Every
Very Fast

National staff
An aging population
Research needs
to change and
adopt

CULTURE
Research involvement
Co-production

- Share power/decisions
- Collaborative
- Space to Magnify
- Experimentation and learning

UCL Centre for Co-production in Health Research

Expert Advice & Ideas Session

power ~ shared
in our blood
process
relationships
Sharing ideas

This is our 3rd session
UCL
We have gathered people to think about
How WHO

Use evidence and experience that already exists

don't reinvent the wheel

Listening to and work with challenge

Questions

When do you stop?
When do you say its going wrong?

Simplicity - Complexity

A network/a community of people

useful to all involved
Mutual benefit

Shared decision making
Open/Transparent

Our guiding lights
culture
ethos

Principles

Inclusive
Trust
Challenge to the Status quo
break stereotypes

Innovative

Participatory

Recognising and Valuing difference, diversity

Proactive

A Process

More than a one night Stand

Dialogical

talking together

Accessible in both language and format

Easy to understand guidelines on what the centre can do and cant do

Visualising the Centre

Your Words Ideas
Thoughts
Questions

What would it look like?

Mix of People
where you can disagree

What would it feel like?

Ice-cream van
mobile place to gather

if it was an animal what would it be and why?
Home on your back

Butterfly new life
The Magic roundabout - keeps going

Instead of an advisory board, key points where people come to discuss, challenge

What is important to People? Real World - Impact!

What Resources do we have?
Staff
Nicola

4 Years
A couple of years funding to the end of 2019

relationships
Map what already exists

What do people want changing?
How it makes a difference to my life?

How do we make the centre appealing?

How do we create a network?

How will it work?
Resourced

link with people where they are
sports clubs
work places

supermarkets
different shapes and sizes
existing relationships

Some structure fluid centre & not too rigid
Influencing Policy
Practice
Honesty/Transparency
Accountability

Do we need a name? a brand?

First let's confirm our agreements and principles

How What first

the Name/Brand can follow.....
