

Snow Home Learning Woodburn Primary School

Stuck for something to do – try one of these snow related ideas!

Science – How can you make a sledge go faster? What material makes the best sledge?

Art – Create a snow sculpture. What animal can you make? Could you make an igloo to eat your lunch inside?

First Minister's Reading Challenge - Take an extreme reading photo!

Literacy – Snow days are a perfect reason to cosy up and 'share a story'.

Literacy - Write a snow-based adventure story.

Literacy – Write an acrostic snow poem.

Literacy - Write a snow diary, including pictures of anything you've been doing over the snow days!

Maths – Practise telling the time, times tables, doubling and halving games, number bonds to 10, 20, 100. Make cakes/pizzas and practise fractions of shapes.

Social Studies - Create a mini-project about the Arctic and Antarctic. Who lives there? What animals live there? How have they adapted to their habitat?

Art – Create paper snowflakes. How small can you make one? How big? Can you make a snowflake pattern? How about creating a snowflake print with a sponge?
