6. Successes and Achievements in Session 2018/19

7. What is Our Capacity for Continuous Improvement?
1. Context of the School

Woodburn Primary School is a non-denominational school that serves the Woodburn area of Dalkeith. Our new school building opened in 2009 within the Dalkeith Campus. The school has a current role of 510 (Primary 1-7) and 160 part-time Nursery places. In the 2019-2020 school session there will be 22 classes and the Nursery will move towards providing 1140 hours by supporting 80 part-time places and 40 full-time places. Our school has two wings. The first wing comprises of our School Office, Nursery, Family Learning Centre, dining and activity halls. Our second wing houses our classrooms. This wing is split into three sections with all classrooms opening out onto the atriums. In addition, we have an Expressive Arts Hall, and Library/ICT suite. The school has multi-sport facilities including basketball, badminton and athletics. We benefit from a Multi-Use Games Area (MUGA) used by our children for P.E and for recreation. Members of our community make use of the school’s facilities. We are a growing community due to new housing developments and our school roll is projected to increase further in the next few years. In order to accommodate this, there are plans in place to adapt and extend the physical learning spaces available for pupils.

The Senior Leadership Team at Woodburn this session has continued to provide stability after several years of change. All staff are highly committed to supporting learners. Self-evaluation is integral to how we work within our community and is an on-going feature of school life. All staff understand the need to be outward and forward looking in their evaluation and improvement activities. We continue to make effective use of research from Scotland and beyond to inform learning and development. A good example are our links with James Nottingham (Challenging Learning) and OSIRIS. We have continued this session to host Challenging Learning study tours. The school hosted visitors from Denmark, Sweden and Norway who were keen to understand how children at Woodburn Primary School learn. House Captains and Vice House Captains are school tour guides for any visitors that we welcome to Woodburn and there have been many positive comments regarding how well they can share their knowledge related to learning and teaching and how enthusiastic and proud they are of their school.

Staff have been consulted about the school’s current achievements and the next steps needed to move the school forward. All staff work effectively as a team. There is a strong ethos of sharing practice and of peer support and challenge. Staff plan together and participate in improvement activities with Dalkeith Learning Community colleagues. In the 2018-2019 session this has focused on raising attainment in Literacy and Numeracy and included moderation activities. This has supported collaboration, staff understanding of good practice and through looking more closely at the benchmarks, understanding of progress and achievement of a level. There have been opportunities for children in Primary 7 to visit Dalkeith High School and High School teachers in a variety of subjects have visited Woodburn to teach lessons. This has supported learners through transition.

We have an active Parent Partnership whose role is to participate in policy developments and support the school in its drive towards continuous improvement. The group of committed parents/carers also organise fundraising events through the year. This year they have also supported the allocation of funding to support the ‘Reducing the Cost of the School Day’.

Woodburn Primary School is allocated a sizeable amount of money from the ‘Pupil Equity Fund’. We have continued to consult with stakeholders to shape the effective use of this money. Key areas have included:

- Early Years Homelink Worker Post
- Youth Worker Post
- 60 additional hours of Learning Assistant support.
- 3 additional Principal Teacher Posts
- Play Therapy sessions for individuals, groups and lunchtime drop-ins.
- Financial support to allow all children to attend camp.
- Nurture training for 3 members of staff.
- Read, Write Inc Literacy interventions including training and resources.
- Resources to improve nurturing and learning spaces in school.
- Animation Club tutor costs.
- Youth Club workers’ costs.

Through the school session 2018-2019 we focussed on the following four priorities:

1. **Raising Attainment**
   - To raise attainment in Numeracy & Maths
   - To raise attainment in Literacy & English

2. **Family Learning and Supporting Learners**
   - To build positive relationships with parents/carers increasing engagement.
   - To increase pupil attendance/participation.
   - To support learners through interventions which support their wellbeing ensuring readiness to learn and make progress.
   - To support learners with ASN to make progress.

3. To work towards becoming a ‘nurturing school’ and to ensure effective safeguarding of all children.

4. **Curriculum and Learning, Teaching & Assessment**
   - To improve BGE curriculum long term / medium term planning frameworks.
   - To develop learning and teaching approaches that impact on attainment.
   - To focus on Feedback to improve learners’ mindset, engagement and attainment.
   - To develop assessment frameworks/practices that support staff understanding of achievement of a level.
   - To review processes to report to parents/carers.

These priorities were linked with Pupil Equity Funded interventions, The Dalkeith Learning Community priorities and our work towards Rights Respecting Schools Gold Award.
2. How our vision, values and aims were developed and how our stakeholders were consulted.

Rights respecting Schools Silver Award
Within the 2017-2018 Woodburn PS was awarded the Rights Respecting Schools Silver Award. As part of this achievement, the school’s work around developing Charters, including a Parent/Carer Charter was recognised. We are now on our journey to Gold.

Creating our Vision, Values and Aims
We have continued to work on creating our School and Community Vision, Values and Aims through the 2018-2019 session consulting fully with staff, children, families and partners.

Our work has been facilitated and supported by the following people:
Graham Ogilvie, Graphic Artist
Heather Fleming, Midlothian Life Long Learning and Employability
Claire Lavelle, Hive of Wellbeing

We reflected on the aspirations we have for our learning community to shape our Vision, Values and Aims. These were finalised and shared in March 2019.

What are our values?
A value is a strongly held belief about what is important. Principles that guide our thinking and behaviour.

What is our vision for Woodburn Learning Community?
• What are we here to create? What is our end goal?
• What do we believe is possible?
• What will we see when our school community lives out its values?

What are our aims?
What difference will we have made for each child in our school?
What would we want a child to tell us on their last day at Woodburn PS?

As we go forward, our Vision, Values and Aims will shape our improvement priorities and underpin our day to day work in our Woodburn Learning Community.
3. Our School Vision, Values and Aims

Vision and Values

With our Vision and Values at the centre of our work and in partnership with our children, families and wider community we aim for our learners to:

1. Enjoy learning and strive to achieve more than they have before.
2. Acquire knowledge and skills to apply learning in school and beyond.
3. Be responsible global citizens who take responsibility for themselves, their actions and their behaviour.
### Priority 1: Improvement in attainment, particularly literacy and numeracy

1(a) To bring CfE levels in line with the national average in Literacy and Numeracy by the end of P1, P4, P7 and S3 where they are not yet at that level.
- Where CfE levels are in line with national averages then schools should aim to reach the national stretch aim of 90% of students achieving the relevant level in every measure.

1(b) All Secondary schools have set appropriate targets across key local and national measures to reach targets based on trends against their virtual comparator.
- Level 3
  - Numeracy 98%
  - Literacy 98%
- Level 4
  - Numeracy 90%
  - Literacy 90%

1(c) 100% of schools have a self-evaluation calendar that reflects moderation, tracking, assessment and shared classroom experiences that involve all practitioners and learners.

1(d) That at least 80% of teaching staff are involved in regular and supported practitioner enquiry in all schools.

1(e) 100% of schools have a written curriculum rationale which reflects appropriate pathways for all learners.

1(f) 100% of schools reviewed and inspected receive a grading of satisfactory or above for QI 1.3

1(g) Increase numbers accessing LLE literacy and numeracy/ESOL (target 430)

### Priority 2: Closing the attainment gap between most and least disadvantaged children

2(a) Interrupt the cycle of poverty (PEF): CfE attainment for those living in SIMD 1-2 should be at the national average in terms of achieving the expected CfE level in Literacy and Numeracy by the end of P1, P4, P7 and S3

2(b) Continue to develop and implement an Early Years Strategy on closing the gap to reduce the literacy gap by the end of P1 supported by the Attainment Advisor

2(c) Maximise the use of Family Learning approaches to increase the number of family learning interventions across Midlothian by 5% with an LLE target 415 family learners.

2(d) Increase % of young people achieving National Qualifications at Levels 3 to 5 with a focus on level 3 and 4 based on comparison with the virtual comparator e.g. looked after, particularly those looked after at home.

2(e) Increase the number of LLE opportunities and attendance at learning activities for adults, families and young people.

2(f) Increase the influence of young people in the planning of services.

2(g) 5% increase in Award youth work per ASG including DOE

2(h) Ensure that all youth work is delivered at low or no cost to support reduction in child poverty and increase accessibility.

2(i) Increase in youth work offer. (Target 4450 young people access LLE opportunities).

2(j) Increase accredited Lifelong Learning Employability Courses and qualifications (25 accredited courses) and (1550 qualifications) and increase number of learners accessing Individual Training Accounts (target 35 learners)

### Priority 3: Improvement in children and young people’s health and wellbeing

3(a) 100% of schools reviewed and graded receive a grading of satisfactory or above for QI 3.1

3(b) The majority of young people with ASN / LAC are offered timely and appropriate interventions within Midlothian Council

3(c) Further improve attendance: Primary 96% Secondary 92%

3(d) Reduce exclusions: Primary - below 15 per 1000 including a maximum of 2 LAC exclusions per thousand. Secondary - reduce exclusions to 49 per thousand as a first step to exclusions being below the national average. This figure includes a maximum of 2 LAC exclusions per thousand. LAC exclusions in exceptional circumstances only.

3(e) Support schools to implement a range of universal mental health initiatives

3(f) Continue to increase number of Modern Apprenticeship’s on SDS Contract, supported by LLE in particular increase Early Years and Childcare to meet 2020 National targets

### Priority 4: Improvement in employability skills and sustained, positive school leaver destinations for all young people

4(a) 100% of schools have Senior Phase curriculum models that are fulfilling the recommendations of the delivery plan for Education

4(b) Secure a three year pattern of 95% Sustained Positive Destinations and reduce unknowns to under 100.

4(c) Increase provision aligned to DYW for vulnerable learners to improve their long term outcomes

4(d) Implement priority areas from 36 DYW recommendations: including digital, stem, disability, work experience, learning opportunities, and careers in line with the regional skills assessment. Increase provision aligned to DYW for vulnerable learners to improve their long term outcomes.

4(e) Increase the number of STEM opportunities for young people, adults, families and communities.

4(f) Continue to increase number of Modern Apprenticeship’s on SDS Contract, supported by LLE in particular increase Early Years and Childcare to meet 2020 National targets
5. Review of Progress and Impact in Session 2018/19

| Raising Attainment | • To raise attainment in Numeracy & Maths  
|• To raise attainment in Literacy & English |

### NIF and Midlothian Priority

1. Improvement in attainment, particularly literacy and numeracy  
2. Closing the attainment gap between most and least disadvantaged children  
3. Improvement in children and young people’s health and wellbeing  
4. Improvement in employability skills and sustained, positive school leaver destinations for all young people

### NIF Driver(s) (highlight as applicable)

- School Leadership  
- Teacher Professionalism  
- Assessment of Children’s Progress  
- Performance Information  
- Parental Engagement  
- School Improvement

### HGIOS 4 Quality Indicator(s) / HGIOELC

1.1 Self-evaluation for self-improvement  
1.2 Leadership of learning  
1.3 Leadership of change  
1.4 Leadership and management of staff  
1.5 Management of resources to promote equity  
2.1 Safeguarding and child protection  
2.2 Curriculum  
2.3 Learning, teaching and assessment  
2.4 Personalised support  
2.5 Family learning  
2.6 Transitions  
2.7 Partnerships  
3.1 Ensuring wellbeing, equality and inclusion  
3.2 Raising attainment and achievement/ Securing children’s progress  
3.3 Increasing creativity and employability

### Progress and Impact:

#### Numeracy and Maths

On-going analysis of data indicates a % of children are not reaching the expected level of attainment in Numeracy and Maths. This is a key area for improvement next session.

Areas of developments this year include:

- A Numeracy and Maths Policy which outlines expectations in terms of planning, teaching approaches/strategies and assessment.  
- Progression planners based on MUMP and SEAL and which include ‘I Can’ statements have been created and are beginning to support dialogue with learners.  
- Most staff are planning opportunities for numeracy and maths in context more confidently. Non Routine Questions and problem solving resources support this. Maths Focus Weeks have developed learners’ understanding of applying skills across learning and the development of holistic assessments have linked well.  
- A DRAFT problem solving skills progression has been created.  
- The new MUMP assessments which link to the benchmarks have been used by all staff to plan strengths and next steps. They support teacher judgement of achievement of a level.  
- Moderation as a school, within Dalkeith Learning Community, Midlothian and as a South East Improvement Collaborative (SEIC) demonstrates that most staff are aware of the range of evidence that can be used to assess a learner’s progress and achievement and are more confident in doing so.
Curricular for Excellence Levels – Three Year Trend and National Average

In Numeracy there has been an increase at P1 and a decrease at P4 and P7. At all year stages the results are lower than the National Average.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>
Next steps:
- Monitor and evaluate the Numeracy and Maths Policy, triangulating planning, learners’ experience and assessment/progress. Provide opportunities for peer observation.
- Embed ‘I Can’ progression planner and problem solving progression.
- Share Numeracy and Maths Policy with parents/carers and use Shared Learning/See Saw to develop their understanding of teaching and learning strategies/approaches.
- Consider intervention strategies and approaches for those learners not making the expected level of progress.
- Continue to plan and provide opportunities for moderation.

Literacy and English
Key areas of improvement from the plan have been implemented and are beginning to have an impact at some stages. Analysis of data has identified children who are not progressing as expected; interventions are being implemented and there are further planned for next session.

Key areas of development this session include:
Nursery:
- Early Years Officer Janine Stewart was appointed in December 2018. Story Corner time sample observations were completed and action plans created; this included looking at the role of the adult within the Story Corner. A Literacy Audit was then used to establish a base line for the reading environment within the nursery. This highlighted a need for further staff development, e.g., questioning, Talk4Writing approach to oral story telling etc.
- The use of Big Bedtime Read within nursery is in the process of being developed using a targeted approach.
- The creation of a Lending Library was explored as part of Power of Partnership (POP).
Primary 1-7
- A Literacy and English Policy in place which outlines expectations in terms of planning, teaching and assessment. It links to the Handwriting & Presentation Policy and Feedback & Marking Policy.
- A focus on approaches to teach poetry effectively has improved the confidence of most staff. Poetry in jotters and displayed in school demonstrates a wider range of styles/formats and a clearer progression across the levels.
- A focus on using Drama conventions and approaches to link and enhance learning across curricular areas including Expressive Arts, Literacy & English (Reading, Writing, Talking and Listening) and Social Studies has increased staff confidence. There is some evidence of Drama being used across the curriculum, this is supported by the purchase of theory books and the development of a Woodburn Drama ‘Toolkit’.
- A spelling progression has been developed. This includes Edinburgh Literacy, Read Write Inc. and Support for Spelling from the National Strategies Framework. This progression includes the teaching of phonics, spelling rules/patterns, high frequency and tricky words. Short burst spelling sessions are scheduled throughout the week in some classes to aid practice. Spelling rules and patterns are taught and explained and activities such as morning starter sessions and active spelling tasks are carried out.
- An agreed cursive script is in place and this is supported by teaching resources and a digital font. There is an agreed handwriting and presentation policy in place. This has led to a marked improvement in children using joined, legible cursive script in most classes across the school.
The Talk4Writing approach has been piloted at the P1-3 stages and this has had a positive impact on learners’ engagement, narrative language, vocabulary, confidence in telling stories and quality of writing.

Curricular for Excellence Levels – Three Year Trend and National Average

Listening and Talking
At P1 the % of children achieving the expected level of attainment has stayed approximately the same. At P4 and P7 there has been an increase. At P1 we are slightly above the National Average, at P4 below the National Average and at P7 approximately in line with the National Average.

<table>

</tr>
</tbody>
</table>

Please note – The data above for Primary 1-3 is based on pupils meeting RWI expectations. The data for Primary 4-5 is for the children still requiring this extended intervention.

**SIMD 1-2/RWI**

- **P2** - The 11 pupils within SIMD 1-2 have all made progress within the programme throughout the year. 36% of the children were meeting expectation in December and this has risen to 45 % meeting expectations by the end of the year. For SIMD 1-2 this has been an improvement of 9%. 1 pupil was exceeding expectation by the end of the year and was 1 group away from finishing the programme.
- **P3** - The 5 pupils within SIMD 1-2 have all made progress within the programme. 40% were meeting expectation at the beginning of the year and 40% continue to meet expectation at the end of the year. At the end of the year, 2 pupils were no longer involved in
the programme which is the aim for the end of P2.

- P4: The 10 pupils within SIMD 1-2 have all made progress within the programme with 3 beginning the year no longer involved in the programme which is the aim for this stage of P3. By the end of the year there are only 2 pupils still working within the RWI programme in SIMD 1-2 in P4.

- P5: Out of the 10 pupils within SIMD 1-2, seven pupils began the year no longer needing RWI support. Out of the remaining three pupils only 1 made progress before RWI was stopped at this year stage. These three children were all working at the upper levels of RWI.

**One to one tutoring**

- From the regular assessments, pupils were identified who were making slower progress. These children were then included in a 1 to 1 tutoring programme in P2 to P4.

- P2: 26 children have been involved in 1 to 1 tutoring and all but 1 pupil have made progress this year. One pupil has progressed 8 levels and 2 pupils progressed 6 levels.

- P3: 36 children have been involved in 1 to 1 tutoring and all but 2 pupils have made progress this year. One pupil has progressed 7 levels across the year and there are 2 pupils that have made no progress.

- P4: 16 children have been involved and since beginning the 1 to 1 tutoring all have progressed at least 2 levels with some of our lower attaining pupils moving up 4 levels.

**Fresh Start (pupils requiring support)**

- P6: In August 2018, 16% of the year stage required support from this programme. By May 2019, 3% still need this support.

- P7: In August 2018, 17% of the year stage required support from this programme. By May 2019, 4% still need literacy support both of whom are at the acquiring language stage.

**Next Steps:**

- Monitor and evaluate the Literacy and English Policy triangulating planning, learners’ experience and assessment/progress. Provide opportunities for peer observation.

- Create a Poetry Progression and link to curriculum bundles. Raise the profile of poetry by inviting poets into school to inspire the children and model effective poetry.

- Ensure the further development of Drama across the curriculum and linked to the curriculum ‘bundles’. Gather evidence learning and teaching in Drama.

- Based on evaluation Single Word Spelling Test (SWST), August 2019, agree spelling progression P1-7 and establish learning and teaching expectations.

- Agree programmes to support the teaching of synthetic phonics in the early years.

- CLPL in the Talk4Writing approach for the middle/upper stages. Consultancy for the early years to support the development of the Talk4Writing approach.

- Agree phonics progression and interventions P1-5, support learning and teaching using the RWI programme by coaching (SFL teacher leading).

- Continue to embed fresh Start as an intervention for P6 and increase teacher participation in delivering Fresh Start.
Family Learning and Supporting Learners

- To build positive relationships with parents/carers increasing engagement.
- To increase pupil attendance/participation.
- To support learners through interventions which support their wellbeing ensuring readiness to learn and make progress.
- To support learners with ASN to make progress.

NIF and Midlothian Priority

5. Improvement in attainment, particularly literacy and numeracy
6. Closing the attainment gap between most and least disadvantaged children
7. Improvement in children and young people’s health and wellbeing
8. Improvement in employability skills and sustained, positive school leaver destinations for all young people

NIF Driver(s) (highlight as applicable)
- School Leadership
- Teacher Professionalism
- Assessment of Children’s Progress
- Performance Information
- Parental Engagement
- School Improvement
- HGIOS 4 Quality Indicator(s) / HGIOELC
  1.1 Self-evaluation for self-improvement
  1.2 Leadership of learning
  1.3 Leadership of change
  1.4 Leadership and management of staff
  1.5 Management of resources to promote equity
  2.1 Safeguarding and child protection
  2.2 Curriculum
  2.3 Learning, teaching and assessment
  2.4 Personalised support
  2.5 Family learning
  2.6 Transitions
  2.7 Partnerships
  3.1 Ensuring wellbeing, equality and inclusion
  3.2 Raising attainment and achievement/Securing children’s progress
  3.3 Increasing creativity and employability

Progress and Impact:
Areas identified and progress this session include:

Nursery
- Monthly wellbeing meetings have been introduced. These are attended by SLT. The wellbeing indicators are used to focus the need for support, actions are detailed and monitored.
- The development of ‘Shared Learning’ has increased interactions with parents/carers. Sessions have been very well attended and feedback positive. Each session has a particular focus e.g. World Book Day.
- Weekly ‘Welly Walks’ using the woodland area close to the school grounds, have involved parents/carers. Children have developed skills across the curriculum and benefitted from opportunities to problem solve and think creatively.

Play Therapy:
- Play Therapy is provided as an intervention for 1-1, group, drop-in and filial. The drop-in service is well used and is very child led.
- Positive impacts identified for children attending:
  - There is an impact on how children are managing their emotions in class and at home. They are building the ability to talk and self-regulate.
  - Play Therapists feedback to class teachers is informative and often contains a piece of vital information regarding a child’s wellbeing. They also support a teacher’s understanding of strategies that can be used to support.
  - Play Therapists feed into multi-agency discussion and actions.

Early Years Homelink Worker and Youth Worker Posts:
Since August 2018 the Youth Worker and Early Years Homelink Worker (PEF funded), have engaged with and supported 101 families. They have built strong, positive relationships with staff, children, families and partners.

Family engagement:
- Participation in school wellbeing meetings enables evidence gathered from home visits and meetings with parents/carers to support actions.
- Signposting and referring to child, adult and family support services has supported families well.
- Both members of staff have contributed to multi-agency groups/meetings e.g. Child Protection Case Conference/ Core Group, Children’s Hearing, Child’s Planning Meetings and Team Around The Child. They have taken key actions forward to support families. This has included supporting with home routines, expectations e.g. bedtimes, rules and boundaries.
- Woodburn Toddlers Group is in place and a further 26 have registered and attended at least once. There are 4 regular attendees.
- 23 new families participated in the Language Is Fun Together (LIFT) programme. They commented positively on the impact of the sessions. Most think it has equipped them with the tools required to better support their children’s language development.
- Messy Play ran for 20 sessions, 40 children and families attended.

Participation and inclusion in extra-curricular activities:
- A Youth Club takes places each week and is open to all children in Primary 4 and 5. It is attended by an average of 21 children. This has been targeted to ensure that SIMD 1-2 children are supported to attend.
- Working with community partners an Animation Club was attended by 19 children. A film was created and celebrated as part of a premier, 39 adults from Woodburn attended.
- Funds from PEP have been directed towards ensuring all children have the opportunity to attend camp (Primary 5 – 8 children), (Primary 7 – 10 children).

Attendance has been closely tracked and monitored:
- Attendance letters have been sent to all those whose attendance has fallen below 90%. 101 letters were sent out in February and 22 letters in April.
- The targeted walking bus is in place and supports 13 children. They access breakfast once arriving at school. Supports including the walking bus are targeted and individualised e.g. door knocks and alarm calls. Parents/carers feel tailored approach supports.
- There has been 4% increase in attendance for these children. Lates have reduced.
- Staff report that these children are now arriving in school on time and are therefore calm, settled and ready to access learning.
- A leaflet has been created which highlights to parents/carers the impact of attendance on children’s learning and progress. Use of the leaflet in attendance meetings has provoked a strong response from parents/carers who had not realised how minutes/days add up.

Learning Assistant Therapeutic Interventions
- 15 children have completed Seasons for Growth. They have developed key relationships with the staff who lead the sessions. The children are more able to talk about feelings. Parents/carers attended the celebration and their feedback was positive.
- ICT Targeted Support – 20 children from across school are supported with ICT including the use of Pages and Clicker. This has increased pupil independence, confidence and self-esteem.
- 3 Primary 1 children have completed Play Box.
- 8 children have participated in ABC Lego Nurture. This has built children’s confidence enabling them to work through issues.
Dyslexia:
- Our aim is to provide positive outcomes through appropriate support to meet the learning needs of all pupils involved in a literacy profile. To do that this year we have been building up profiles:

<table>
<thead>
<tr>
<th>Year Stage</th>
<th>Literacy Profiles being built up (active)</th>
<th>% of pupils currently involved in literacy profiles</th>
<th>Literacy profiles completed (identified or not)</th>
<th>Identified pupils with dyslexia</th>
<th>% identified of year stage</th>
</tr>
</thead>
<tbody>

<tr>
<td></td>
<td>35 out of 509 pupils</td>
<td>7%</td>
<td>24 (5%)</td>
<td>18</td>
<td>4%</td>
</tr>
</tbody>
</table>

- We have completed very detailed profiles for the 18 identified pupils which outline various strategies and next steps for class teachers and parents. This is a very holistic profile as it is completed with the learner, class teacher, parent and learning assistant (if appropriate). The SFL team have organised learning assistants for further support using programmes like word wap and toe by toe.
- A P5-7 dyslexia pupil group has been formed in the last term with the 15 identified pupils. It was identified that 11 of the group were picture thinkers, 13 movement thinkers, 6 music thinkers and 11 people thinkers.
- During this block the focus has been on the following questions:
  o What is dyslexia?
  o How does it affect different people and what is my preferred learning style?
  o How does movement help us learn?
  o How does ICT help us learn and how to navigate the tools on the “Dyslexia explained” website.
  o How do pictures and working socially help us learn?
  o How to we explain our differences to others?
- We have had representatives from Dyslexia Scotland in to speak to the children to help them link to wider life and lifelong learning in June 2019.
- Participation in Dyslexia Awareness Week ensured that children and families are now more aware of dyslexia and what it means (strengths and difficulties).
- Staff led an Assembly P4-7; there was a display in school and follow-up tasks in class to support understanding. Dyslexic learners from Dalkeith High School shared their experiences to the P4-7 pupils and this supported children in understanding strengths/difficulties. Children commented on how inspiring they were.
- Money raised at ‘Dress Down in Blue’ has been spent on resources including iPad keyboards, overlays and Barrington Stoke books for the dyslexia friendly section of the Library which has been created this year. There is also a professional reading library.
- Children are much more willing to share that they are dyslexic with their peers. They report that they feel they have grown in understanding and confidence. Dyslexia is talked about much more positively and openly across the school. Children are using resources such as overlays much more confidently.
- Resources to support dyslexic learners are available e.g. buff paper, overlays, reading rulers, paper and books changed to correct colour tint, background screen on iPad changed. Parents are being encouraged to support assessment and build the Literacy Profile with staff.
- Toe by Toe and Word Wasp are used from P5 -> to support individuals. Progress is tracked and demonstrates impact.
- ICT supports for dyslexic learners:
  - Touch typing
  - iPads available
  - User guides for showbie, pages produced by children and shared with peers/staff.
  - Wi-fi printer
  - Nessy
Times Fables has been introduced to support children with dyslexia/dyscalculia and memory issues. Tricky Spellings and cartoons for Children has been introduced with some children and this is supporting their understanding of high frequency words.

There is a Learning Assistant who is on the Parent/Carer Authority working group and this supports our understanding of how best to support families. She is also a link person with Dyslexia Scotland.

Next Steps:
- Continue to support therapeutic interventions.
- Extend the work of the Homelink Early Years Worker and Youth Worker in the following areas:
  - Raising Children with Confidence
  - How to Talk so Children will Listen
  - Wider Achievement – improving participation of pupils (PEF)
- Implement the new Midlothian paperwork for developing a Literacy Profile.
- Support learners through a further Pupil Dyslexia Working Group. As a staff we intend to look deeper at the subject of dyslexia and perhaps use the additional in-service days to undertake further staff training and start module 2 of the open university course. This would help build up capacity and confidence within the teaching staff to increase engagement in the learning discussions that are needed to support these learners.
- A focussed look at attendance 82-90%, looking at patterns e.g. Fridays, early collection from the office. Closely look at barriers to attendance e.g. PE days, uniform, PE kit, homework, school resources and Parental Mental Health.
To work towards becoming a ‘nurturing school’ and to ensure effective safeguarding of all children.

**NIF and Midlothian Priority**

9. Improvement in attainment, particularly literacy and numeracy
10. Closing the attainment gap between most and least disadvantaged children
11. Improvement in children and young people's health and wellbeing
12. Improvement in employability skills and sustained, positive school leaver destinations for all young people

**NIF Driver(s) (highlight as applicable)**

- Teacher Professionalism
- Assessment of Children’s Progress
- Performance Information
- Parental Engagement
- School Improvement

**HGIO 4 Quality Indicator(s) / HGIOELC**

1.1 Self-evaluation for self-improvement
1.2 Leadership of learning
1.3 Leadership of change
1.4 Leadership and management of staff
1.5 Management of resources to promote equity
2.1 Safeguarding and child protection
2.2 Curriculum
2.3 Learning, teaching and assessment
2.4 Personalised support
2.5 Family learning
2.6 Transitions
2.7 Partnerships
3.1 Ensuring wellbeing, equality and inclusion
3.2 Raising attainment and achievement/ Securing children’s progress
3.3 Increasing creativity and employability

**Progress and Impact:**

- The importance of mental health has been highlighted this session through ‘Feel Good February’, ‘Ready to Learn’, ‘Global Play Day’, Rights Respecting Schools work and Citizenship Gatherings.
- Pupils’ behaviour has generally improved and pupils are more able to talk about their feelings and actions. Staff are using shared language to talk about kind, safe and respectful behaviour. The lower primary pupils and their families responded well to a ‘Kindness Challenge’. Parents engaged well with a health and wellbeing focused ‘shared learning’.
- Child protection training is up to date for all staff, following training on the August In-Service days. The pastoral notes system has been effective in sharing information. Wellbeing meetings with key staff have been held approximately four weekly. Staff wellbeing forms have been fed into these meetings.
- The new ‘Ready to Learn’ policy and procedures have improved the consistency of interactions between staff, pupils and parents/carers, supporting positive learning behaviour. ‘Be Safe, Be Kind, Work Hard’ has been a simple and memorable way for pupils to remember expectations for behaviour. Pupils are more aware of the supports available for health and wellbeing, and the consequences of negative behaviour. Staff are using ‘Ready to Learn’ folders to track issues with behaviour. This has allowed staff to communicate better with parents/carers and made patterns of behaviour more visible.
- Outdoor Learning has been used to support health and wellbeing this session. Four staff have been trained in Forest Schools, delivered by Edinburgh and Lothians Greenspace. Nurture groups have used the grounds of Newbattle Abbey College to undertake outdoor learning. Three staff have attended Woodlands outdoor learning sessions.
- Two members of staff attended the Portobello Learning Festival in June to explore the focus on building positive relationships in school. This included opportunities to learn more about creative pedagogy and powerful partnerships.

Nurturing principles have begun to be established within the school. Three members of staff attended Nurture Network training. A CAT session developed class teachers’ understanding of nurturing approaches. Four nurture groups have run weekly this session. Staff from the Enhanced Nurture Outreach Team have supported Nurture sessions. Boxall profiles have been used to evaluate impact and the
individual targets from these have begun to be shared with class teachers.

![Individuals Receiving Nurture Input Across School](image)
My Nurture Experience (from Learners):

I like when we are all together. I like drawing too. (P4 boy)
All my new friends. Enjoying Charlie and the Chocolate Factory. (P4 boy)
Learning to say please and thank you and to listen to instructions. (P5 girl)
Learn to be neat and to talk confidently. (P5 boy)
I like to move myself up on the tree. I have learned to say please and thank you. (P5 boy)
Learn not to be shy and how to make new friends. (P6 girl)
Learn not to be shy around people I don’t know. (P6 girl)
Learn to use please and thank you and to talking more confidently. (P5 boy)
Learn to talk more and more confidently. (P6 girl)
Be a brilliant listener and show understanding when we read our story. (P4 boy)
Help us be ready to help others by being kind. (P3 boy)
We learn to be a good talker using a gentle voice. (P4 boy)
We learn to be a good friend to others by being kind. (P4 boy)
We improve on how much I chat to my friends when in the group. (P3 boy)
We are kind and talk to all my friends in the group. (P2 girl)
I love Nurture. When are we next having it? (P4 boy)

Next Steps:
- Emotion Works has begun to be used successfully in some classes but further training is required to make this consistent across the school. This will help to embed the greater understanding of mental health and wellbeing.
- Training around the CIRCLE document.
- Nurture group plans and targets have begun to be shared with class teachers but it would be beneficial to share these with learning assistants, to allow them to support this learning too. Learning Assistants are to be included in Nurture training next session.
- Class teachers have begun to engage with the Nurturing Classroom questionnaire, but greater focus on developing this may be needed to obtain significant impact.
- To further develop the ‘Ready to Learn’ policy and procedures, we now need to develop communication between teachers and learning assistants. This is of particular importance after break times and lunchtimes when class teachers need to ‘check-in’ with learning assistants to support with any issues that have arisen.
- While sharing of pastoral information at Friday staff meetings meetings has been helpful, as not all staff are in attendance, this means some staff miss out on hearing this information. We now need to consider how we ensure all staff are included in this information sharing. Information from wellbeing meetings on individual key children has begun to be shared with class teachers, but this could perhaps be done with greater consistency next session.
- Develop opportunities for good quality play in the playground. To ensure staff make use of their outdoor learning training, we now need to consider how we practically support class teachers to take learning outside.
### Curriculum and Learning, Teaching & Assessment

- To improve BGE curriculum long term / medium term planning frameworks.
- To develop learning and teaching approaches that impact on attainment.
- To focus on feedback to improve learners’ mindset, engagement and attainment.
- To develop assessment frameworks/practices that support staff understanding of achievement of a level.
- To review processes to report to parents/carers.

### Progress and Impact:

- The Quality and Learning and Teaching Group identified 3 areas for development: The creation of the P6 Learning Council, Staff walkthroughs completing feedback observation grids and Creation of Language of Learning Progression.
- The ‘Quality Learning and Teaching’ video created for the World Visible Learning Conference demonstrated the impact of professional learning on confidence, learning and teaching practice and the pupils’ ability to talk about their learning and progress. Creativity through Messy Play, Toddler Groups and P4&5 Youth Club have provided opportunities for exploratory learning and through early years introduction of the Froebelian approach has involved the children in the planning and feedback process through play. More opportunities have been created in the playground through buddying, play makers training and the expansion of available areas to play.
- Staff have used ‘tracking’ on excel and completed traffic lighting documents, ensuring they have ownership of data supported by moderation.
- Out of school achievements have been gathered and shared.
- Bundles provide flexibility, creativity and progression of skills and knowledge whilst allowing children ownership and direction of their floor book.
- Learning skills/dispositions are established from N-P7 and children can discuss how they support them in learning tasks. Citizenship Gatherings and Blether Buddies support the development of skills and WOWs reflect the Learning Skill achievement.
The language of the RRSA has been introduced from Nursery to P7 and all of the children are familiar with the ‘Ready to Learn’ approach. After achieving the Silver award in 2018, we are successfully implementing Fun 31 and are on our Journey to Achieving Gold.

Two members of staff have completed the Evidence Into Action training with Shirley Clarke – this has linked to the work of staff on Osiris’ OTI training.

A new reporting format has been trialled and there are 3 parental consultations which have resulted in better communication. Seesaw has been introduced in on class and the feedback has been positive. This ICT/Feedback Tool will be rolled out at various points in the school next session.

Most staff have now participated in the OTI training programme and the presentations that were lead by staff reflected on the impact on their all round practice and their approaches and strategies.
  o Teachers enacted the ideas to which they were introduced
  o Reflected that they had implemented better teaching and learning
  o Teachers reflected that they implemented better teaching and learning
  o Teachers acknowledged that videoing themselves in action enabled them to see how to improve their practice
  o Teachers viewed learning differently and re-organised their lessons
  o Teachers became more focused on engaging students
  o Teachers became more able to effectively give learners feedback

On-going development of Feedback approaches have been implemented throughout the school. The creation of a feedback and marking policy, the use of visualisers, OTI focus, use of assessment information that helps to adjust the learners’ direction and focus required.

Nursery and P1 staff took part in Power of Partnership (POP) alongside three other settings. This included monthly book groups (reading Bringing a Froebelian Approach to your Early Years Setting by Helen Tovety); monthly Early Level Meets across all settings where good early years practice was shared; working groups who created action plans around areas of interest, e.g. Floorbook, Planning; HIVE sessions across the year.

Two members of the nursery team as well as a DHT took part in the Edinburgh University course ‘Froebel in Early Years Practice’. This involved visiting Froebelian settings, completing assignments and creating a poster.

Next Steps:
  - Share training, expertise and knowledge throughout our own staff and allowing others to pilot and experiment with new ideas.
  - Training such as OTI, Shirley Clarke, Impact Coaching, Walkthroughs, Learning Council, VL World Conference etc.
  - Involve more children and adults to participate in Walkthroughs and given the chance to feedback.
  - To improve the engagement of all pupils, parents and staff, in pupils’ learning and their progress, using individual online portfolios of evidence using Seesaw.
6. Successes and Achievements in Session 2018/19

**Staff Leadership Roles**
Many members of staff have taken on leadership responsibilities across school, these include:

- An extended Principal Teacher Team (PEF) who have lead CLPL and developed Policy and Guidelines.
- Teaching staff who have completed Impact Coaching Training.
- Teaching staff who have lead curricular areas leading CLPL sessions, supported staff and contributing to evaluation.
- Nursery and Primary 1 staff who have participated in ‘Power of Partnership’, developing collaborative practices linked to the development of play and Froebel.
- Support for Learning Staff and a Learning Assistant who have developed awareness of Dyslexia and supported a group of dyslexic learners through a ‘working group’.
- Learning Assistants who are competently leading groups – RWI, ABC Nurture and Seasons for Growth.
- Senior Childcare and Development Workers and Childcare and Development Workers who have taken responsibility for leading areas such as PEEP, Messy Play and The Big Bedtime Read.
- Early Years Homelink and Youth Workers who are leading areas from the PEF Plan, supporting attendance, family engagement and family learning.

**Primary 7 Suffragette Exhibition – Dalkeith Library**
Primary 7 children worked with our Art Specialist creating paintings around the theme of ‘VOTE 100’. This was a project to commemorate the suffragettes’ struggle to get the vote. The exhibition in Dalkeith Library was officially opened on the 10th December 2018 and our children were in attendance. One pupil received a prize of special recognition from Margot Russell, councillor and Iain Duffas, Library Manager.

**Primary 7 Enterprise Project**
Linking learning to our curriculum ‘bundles’, Primary 7 had a very successful end to their Community Enterprise Project. The learning was led by the children from the beginning as they worked in groups to identify an area of improvement for the community of Woodburn. They had to justify their idea and explain the reasoning behind their improvement by creating posters, leaflets, models and power points. They had to explain the practicalities and process of how they would make their idea become a reality. During the afternoon of the 13th December 2018 all of the Primary 7 pupils were able to display their work within a market place, explain their ideas and answer difficult questions from our guests. Lots of parents came to support the children alongside Midlothian Councillors, representatives from Aim High, One Dalkeith and Youth Workers from the Dalkeith area. Everyone who came to the market place thoroughly enjoyed the afternoon and were very impressed with the ideas that the children had come up with.

**Science Week**
We held a whole school Science Week where classes engaged in learning activities related to STEM subjects, this was shared successfully with parents/carers through a Shared Learning event. We developed links with the Roslin Institute who supported by delivering workshops.
**Glee Choir**
Lead by four members of teaching staff ‘Glee’ Choir performed in a National competition at the Brunton Hall, Musselburgh. They performed with confidence in front of an audience including their families and school staff. Further performances of the Glee choir followed including at the Parent Partnership Christmas and Summer Fair.

**Looking After Our Woodland Community**
Some of our classes and nurture groups were busy in the Autumn planting bluebells in the woodland area next to our school. Along with the daffodils that were planted by a group of parents/carers we enjoyed seeing the flowers bloom in the springtime. ‘Edinburgh and Lothians Greenspace’ supported us and donated the bluebells. Children were also involved in surveying the litter, making bird feeders and building woodland shelters.

**Dalkeith Learning Council**
The Learning Council has had an impact on our school. They have met monthly through the year. We are continually striving to improve and the sessions have allowed the pupils to challenge their thinking and have the opportunity to discuss and share new ideas about learning. The Learning Council Members have shared information in Citizenship Gatherings and Blether Buddies and they believe that being a part of this group has been valuable, worthwhile and important for their own learning journeys.

Alongside this the Dalkeith Quality Learning and Teaching Group has supported collaborative enquiry and discussion. Their walkthroughs have enabled peer reflection and dialogue adding to each school’s monitoring and evaluation processes.

**Level 3 Bikeability**
Level 1 (P5) in June 2019 – 36 children  
Level 2 (P6) in September 2018 – 35 children  
Level 3 (P7) in October 2018 – 6 children  

A group of Primary 7 children completed bikability Level 3. We are the first school in Midlothian to have children successfully completing this level of training.

**Primary 6 Ski-ing**
Woodburn Primary School has not participated in ski-ing for many years. This session, 34 children participated. Along with developing their ability to ski, they demonstrated the ability to face challenge, persevere and support each other.

**Feel Good February**
During the month of February we had a focus on Mental Health and Well-being. This was introduced during an assembly as ‘Feel Good February’. This included thinking about ways that we can be kind to ourselves and kind to others.
Woodburn Primary School held its first Careers Fair. This was organised with a view to develop the young workforce and increasing the positive destinations for our pupils linking in to our School Improvement Plan. We wanted to give the children the opportunity to experience the wider world of work and identify the skills and qualities needed for different jobs. The idea behind this was to give the children a taste of different careers, promote a positive career destination and demonstrate to them show them that their learning in school is linked to these jobs to

This event was very successful. We had a number of volunteers who gave up their day to play a part in our careers fair, showing the children what they do or what they are training to do in the future. All of the volunteers had a stall within the gym hall and they came equipped with materials and resources to make it as active and engaging as possible for the children, allowing them to experience some of the roles within different jobs.

All children from Primary 4-7 attended the Careers Fair and prepared questions prior to attending to ensure they were gathering as much information about the different careers as possible. All classes were “a credit to the school and their energy and enthusiasm rubbed off on the employers who were there for the event” (quote from Midlothian Developing the Young Workforce).

The children thoroughly enjoyed the event and returned to class feeling inspired by the volunteers.

- It has inspired me to make sure I stick in at school so I can get a good job. I enjoyed talking to the environmental researcher as they recycle plastic and turn it into other items to reduce waste. It also inspired me to believe in myself. – P7O
- The fair was very interesting and I enjoyed it a lot. I learned about cooking and being a dentist or a nurse. There were a lot of people to talk to and they were all very inspiring. -P7K
- The volunteers were all very friendly and took the time to answer our questions, we found out lots of information-P5H
- It was very inspiring because I would like to be an engineer but there are a lot of other jobs that I might be good at-P5/6D
- I learned a lot about life as a vet. I know you need good grades and be ready to work hard.- P4C/G

Some of the feedback from the volunteers as detailed below:

- I thought the fair went very well, it was great fun and the children were all very engaged and asked lots of appropriate/ relevant questions.
- It was actually a really inspired idea, and you could see seeds being sown for the future.
- I was honestly surprised to find a primary school running something like this! It was great that there was such a range of careers represented.
Community Links
Links have been made with:
- Dalkeith Museum, Dalkeith Country Park and St Nicholas Buccleuch Church all supported children’s learning about the local community.
- Local MSPs supported the Learning and Teaching of the Scottish Democracy and local history.
- Ingenza, the Geoscience Team at Edinburgh University, the Scottish Wildlife Trust and the Roslin Institute all supported our Science learning over the session.
- We have continued our link with Storehouse who support a weekly Home Learning Club for some of our children who find completing learning at home difficult. We have 30 regular attendees.

Global Play Day
We participated in Global School Play Day to promote the importance of unstructured play. This was very successful and highlighted the importance of play, to support children to develop social skills and interactions with their peers. This supported the launch of our ‘Ready to Learn’ Policy.

Anti-Bullying Policy and Approaches
Within Citizenship Gatherings, Assemblies and ‘Feel Good February’ activities and associated class learning, children considered the importance and impact of treating ourselves and others with kindness. We focussed on:
- Kindness and how small acts of kindness can have big ripples.
- Understanding the impact on someone when one person, or more than one person is deliberately unkind and that these acts can also build up.
- Knowing what to do if you are worried or upset by the behaviour of another person.
- Social Media and Online Safety. The P7 classes participated in the ITV ‘This Morning’ #BeKind campaign.

School Camp
We continue to make links and extend curricular learning outdoors. Primary 5 enjoyed a two night residential at Dalguise and Primary 7 pupils joined other schools within our ASG to attend Whitaugh. The Nursery children have enjoyed regular ‘Wednesday Welly Walks’ and a group of teaching staff and Learning Assistants completed two sessions of Forest Schools Training with Edinburgh and Lothians Greenspace Trust and the Forestry Commission. They also lead Forest Schools activities with classes as part of the project.

Sharing Learning
Through the session there have been opportunities for parents/carers to be involved in school events. In Primary 1 they have been invited for curriculum information sessions. All classes have participated in Shared Learning where parents/carers were invited to join their child in learning experiences in Nursery and school. Parent/carers have also joined us for key events such as Nativity, Scots Night, and class Assemblies.

Sharing our Learning on a Worldwide Stage
On Tuesday 12th March 2019, Mrs Welsh and three pupils represented Woodburn Primary and Midlothian Council at the Visible Learning World Conference in Edinburgh. The children joined Mrs Welsh to present on the subject of ‘Collaborative Efficacy’ and they spoke confidently and proudly about our school’s ‘Learning Journey’ on the international stage.

<tr>
<th>Priority 1</th>
<th>Priority 2</th>
<th>Priority 3</th>
<th>Priority 4</th>
</tr>
</thead>
<tbody>
<tr>
<td>Improvement in attainment, particularly literacy and numeracy</td>
<td>Closing the attainment gap between most and least disadvantaged children</td>
<td>Improvement in children and young people’s health and wellbeing</td>
<td>Improvement in employability skills and sustained, positive school leaver destinations for all young people</td>
</tr>
</tbody>
</table>
| 1a) To bring CfE levels in line with the national average in Literacy and Numeracy by the end of P1, P4, and P7 where they are not yet at that level:  
- Where CfE levels are in line with national averages then schools should aim to reach the national stretch aim of 90% of students achieving the relevant level in every measure. | 2a) Interrupt the cycle of poverty (PEF) CfE attainment for those living in SIMD 1-2 should be at the national average in terms of achieving the expected CfE level in Literacy and Numeracy by the end of P1, P4, P7 and S3  
2b) Increase % of young people achieving National Qualifications at Levels 3 and 5 with a focus on level 3 and 4 based on comparison with the virtual comparator eg looked after, particularly those looked after at home. | 3a) Support schools and ELC settings to provide high quality EY services which:  
- Ensure children and families are offered appropriate, timely support  
- Encompass the requirements of the National Quality Standard  
- Continue to increase Early Years and Childcare to meet 2020 National targets with an unrelenting focus on high quality provision whilst ensuring that all settings delivering the early learning and childcare entitlement are compliant | 4a) Continue to work towards a three year pattern of 95% Sustained Positive Destinations and reduce unknowns to under 100.  
4b) Continue to increase number of Modern Apprenticeships on SDS Contract, supported by LLE in particular increase Early Years and Childcare to meet 2020 National targets |
| 1b) All Secondary schools will have set appropriate targets across key local and national measures to reach targets based on trends against their virtual comparator.  
- Level 3  
  Numeracy 98%  
  Literacy 98%  
- Level 4  
  Numeracy 90%  
  Literacy 90% | 2c) Ensure that all youth work is delivered at low or no cost to support reduction in child poverty and increase accessibility. | 3b) The majority of young people with ASN / LAC are offered appropriate assessment which is timely and appropriate. | 4c) Deliver adult literacy & numeracy and family learning services |
| 1c) 100% of schools have a self-evaluation calendar that reflects moderation, tracking, assessment and shared classroom experiences that involve all practitioners and learners | 2d) Deliver the requirements of the child poverty act through the local action plan developed with community planning partners. | 3c) Achieve attendance targets  
Primary to 95% overall  
Secondary 91.5% overall with a reduction in unexplained absences | |
| 1d) That at least 80% of teaching staff are involved in regular and supported practitioner enquiry in all schools | 3d) Reduce exclusions:  
Primary- below 15 per 1000  
Secondary- 40 per with LAC exclusions in exceptional circumstances only and following discussion with ASL Schools Group Manager | 3e) Support schools to implement a range of universal mental health initiatives as part of the Midlothian Big Lottery funding | |
| 1e) Maximising the tariff scores for all learners in the Senior Phase | 3f) Support schools to implement a range of universal mental health initiatives as part of the Midlothian Big Lottery funding | | |

# 4. Interrupting the Cycle of Poverty – The Pupil Equity Fund Planning Template

Pupil Equity funding should be focused on activities and interventions that will lead to improvements in literacy and numeracy across the Broad General Education, increased levels of engagement, participation, health and wellbeing and an improvement in attendance and a reduction in exclusions. Head Teachers can work at an individual school and local community level or collegiately in wider school clusters and beyond at local authority level to address common interests.

## Total Funding Received:

Attendance for children in SIMD 1-2 is lower than SIMD 3-10. However, closer analysis indicates that there is a need to direct different approaches/strategies to support families where there are children where attendance is:
- Less than 70% and particularly where there are statutory measures in place.
- Between 80 and 90%.

**Readiness to Learn (Wellbeing/Children requiring Nurture)**

Data from 2018-2019 identifies there is a need to continue to support children/families who are:
- Within SIMD 1-4.
- Impacted by more than 1 Adverse Childhood Experience (ACE).
- Involved with Children’s Services.
- Supported by other agencies such as CAMHS.

</table>
| **1** Learning and Teaching | Priority 1 Improvement in attainment, particularly literacy and numeracy. | 1.1 1.2 2.3 2.6 2.7 | Share Practice:  
• 3 x staff Walkthroughs focus on QL&T:  
  a) Challenge and Engagement (Oct)  
  b) Feedback (Jan)  
  c) Questioning (March)  
• Shared in CATs/In-Service/Staff Meetings/Assemblies & Citizenship Gatherings.  
• Pupils participate in Walkthroughs, modelled by DHS pupils within the Learning Council. To be continued within pupils’ own schools.  
Language of Learning  
• Learning Council to continue and develop and embed shared Language of Learning within the Dalkeith Learning Community  
  #Determined  
• Creative Leaders Focus on gathering evidence and feedback.  
• Implement and pilot our Quality Learning and Teaching Leaders’ Dispositions Progression to enable learners to have a shared language from Nursery to P7 and onto S1-6. |  
• Allocated members of the QL&T Group to participate, observe and feedback during professional dialogue.  
• S.Gordon to model and lead – session 1 & 2.  
• An adult support from QL&T group to be in attendance at home school and S.Welsh/J.Gardiner/Z.Orr to lead the sessions.  
• Posts explained and displayed (Aug 2019).  
• Reflective discussions [June 2020].  
• Evaluation June 2020.  
Impact on learners:  
• Improved skills evidenced by attainment.  
• Learners have effective feedback on their strengths and areas for improvement.  
Impact on teachers:  
• Increased teacher confidence in planning, teaching and assessment.  
  (Differentiation, pace and challenge. | Through observations of Learning and Teaching and Reflective Discussions  
  Monitoring of planning and learners’ experience meets agreed policy and practice.  
  Monitoring of learning and teaching shows learners are engaged in appropriately challenging experience.  
  Learners are able to talk about their learning and progress identifying strengths and next steps. “I can” progressions support dialogue with learners.  
  All children transitioning to Dalkeith High School have a shared knowledge and ability to apply the ‘4Rs’. |
| **2** Moderation | Priority 1 Improvement in attainment, particularly literacy and numeracy | 1.1 2.3 3.2 | Moderate within the model:  
• School  
  Dalkeith Learning Community  
  Authority  
  SEIC  
Order of School Moderation:  
• Reading by 27 September 2019.  
• Numeracy by 29 November 2019.  
• Listening and Talking by 21 February 2020  
• Writing by 1 May 2020  
Co-ordinator Meetings:  
• w/b 30 Oct, 2 Dec 2019, 24 Feb 2020 and 1 May 2020. | School Co-ordinators Literacy and Numeracy. | Impact on learners:  
  Improved skills evidenced by attainment.  
  Learners have effective feedback on their strengths and areas for improvement.  
Impact on teachers:  
• Increased teacher confidence in planning, teaching and assessment.  
  (Differentiation, pace and challenge. |

### August 2019

Mentors to meet to discuss:

- Audit resources in own school (photograph and make available to cluster)
- Agree SSERC meets and dates (see options below)
- Edina Trust funding
- Arrange speaker for first CAT x3 (review staffing numbers)
- Review ‘Riverside Progression Planners’ and agree use (these include pupil friendly planners)
- Consider using Wheel which could be handed out before 1st CAT - to be drafted
- Contact DHS science department to arrange place for resources to be stored

</tr>
<tr>
<td><strong>Parents’ Meetings</strong></td>
<td>14</td>
<td>28</td>
</tr>
<tr>
<td>(To include ‘Meet the Staff’)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Note – meetings with parents/carers are expected to take place during the allocated time. If essential to see at a different time this can come from flexibility.

| **Meetings with External Agencies** | 5    | 2            |

Note – Acknowledgement of increased demands for promoted staff. This also includes meetings of staff on a cross-authority basis e.g. meetings relating to a particular stage or subject discipline.

| **Staff Meetings** | 20   | 20 (16 staff meetings and 4 allocated for others arising) |

Note – Flexible meetings of any groups of staff including whole school meetings, department meetings, stage meetings, working groups, committees and trade union meetings with management. Time in this category should also allow for work on school improvement planning.

| **Curriculum Development** | 15   | 15 |

Note – Curriculum development appropriate at school level. Make manageable within working week. Time does not include IS days.

| **Forward Planning** | 27   | 25 |

Note – This time is allocated to allow time for professional dialogue and for forward planning either on individual or joint basis. Time for writing of plans but also meetings of staff involved. Further time may be provided on IS days. There should be commitment to minimising time spent on writing plans to allow for focus on high quality learning and teaching.

| **Planned Classroom Visits** | 3    | 3 |

Note - This time is to cover pre-visit and discussion and feedback, if not used then time goes into flexibility.

| **Trade Union** | 0    | Time within May In-service to discuss |

Note – up to 2 hours may be held during in—service days or taken from flexibility.

| **Preparation for Reports, Records** | 59   | 59 |

Note – Time allocated for diagnostic and formative assessment and the preparation of more formal reports e.g. to parents, IEPs, CSPs, when children change stage/school.

| **Formal Assessment** | 22   | 22 (To include: CAT X3) |

Note – This is included as recognition of time spent on summative or more formal assessments. Time will be spent here understanding new assessment criteria and for internal moderation.

| **Liaison Time** | 8    | 8 (will include discussion between job shares, with specialists, with SFL teacher and recognition of liaison across stages) |

Note – Time for teachers working with the same class over a period of time.

| **Professional Review and Development** | 6    | 6 |

Note – Time should be made available within the 35 hour working week.

| **Flexibility** | 11   | 2 |

Note - Used to meet needs of schools and individual teachers. It can be used to support students, for collegiate activities at authority level and for time spent at MNCT briefings. Collegiate decisions as to how time spent. Useful to keep some ‘in reserve’.

| **Total** | 190  | 190 |
