

## Primary 7 Information

March 2018

### P.E.

Please can pupils come to school each day with a FULL PE kit which includes a change of top, bottoms, socks (if needed) and suitable footwear. Roll on deodorants only.

### Homework

Homework is usually put on the website weekly. It is advised that pupils should revise their maths targets, multiplication and percentages work at home. Focussing on their individual identified gaps. Pupils should also read for at least 20 minutes a night.

### Organisation

As they approach transition to High School it is essential that ALL pupils come to school ready to learn. This includes having a **fully stocked pencil** case (Pencils, rubber, sharpener, ruler, protractor, compasses, highlighters, handwriting pen, glue etc.) Mrs Hinton has to hand out these resources every day and the expectation would be that pupils have their own if possible. Pupils should also have indoor shoes – in P7 pupils are allowed to wear slippers (nothing too huge or distracting and they need to have a suitable sole) and bring trainers for **P.E.** Outdoor shoes should only be worn outdoors. **WATER BOTTLES** should be washed daily and have only water in them, not flavoured water or juice.

### SCRAPBOOKS

As part of our HEADSTRONG unit in Health and Wellbeing, pupils are provided with a scrapbook which they are asked to work on over the next 2 weeks. They should think about categories/titles for each page e.g. (Holidays, me as a baby, starting school, achievements, memories, my family, etc.) They will be bringing these home to create (B and M and Home bargains often have cheap scrapbooking decorations, tape and paper if you need) and return to school on 15<sup>th</sup> March to share with the class. They will then be given these home to keep updating as their very own “memory book”. Please can pupils complete at least 3 double pages.

Ideas for items to include in each section: *photographs, event tickets, menus, event programmes, hospital bands, holiday leaflets or memorabilia, magazine/newspaper clippings, autographs, drawings over the years, birthday cards, post cards, stamps, tokens (basically anything that is meaningful and can be put in a book – trophies etc could be photographed and included that way. The app freeprints gives 40 press photos from your phone every month (you pay postage) so this may be an idea to use.*
