

Dear Parent,

Our class is going to be using an online tool called Seesaw, it's a secure online learning journal where children can create and upload their work to document their learning. Over time, your child and I will add things like photos, videos, worksheets, drawings and voice recordings to their Seesaw journal. If you choose, you can also sign up for a free Seesaw family account, download the family app to your phone (giving you access to your child's learning journal) and choose to be notified when your child adds new content. Seesaw journals are private and only accessible by the teacher, students, and parents.

It is a requirement of Seesaw's terms and conditions that we gain parental permission to use their platform and we would like to do that now. Seesaw has a thoroughly robust privacy policy (<https://app.seesaw.me/about/privacy>) and has committed never to share your child's personal information or journal content.

I hope that your child will enjoy using Seesaw to document and share their learning this year. You can learn more about Seesaw by visiting <http://web.seesaw.me/> and our SeeSaw policy is on the Loanhead Primary School website.

Please note that contact to the school or teacher should still be made via the office or email.

Regards,
Mrs Hinton

Please sign below and return to school ASAP

(Tick to show consent) I give consent for my child, listed below, to use Seesaw for class activities. I am aware that photos of my child during learning activities, photos of their work and sometimes full class photos will be added to the learning journal, but I know these are securely stored and I will not share these externally.
