20<sup>th</sup> March 2020

Dear Parent/Carer

We have successfully managed to get the online learning platform Seesaw up and running. This has involved a huge effort from all our staff and support colleagues at Midlothian Council.

Information is being sent home today and over the next few days about how we will use Seesaw. It may not be fully operational until Monday 30<sup>th</sup> of March, but as per our last communication there will be lots on the school website in the meantime. We need to allow our teachers time to become familiar with this new software and I know you will be supportive of this.

In the pupil packs you will notice Glow log-ins. This is just precautionary – our platform for learning will be Seesaw. You are of course free to explore Glow as there may be other activities on there that you may find useful.

We thank you again for your continued support. We have received so many supportive messages from our parent community and each one of them is greatly appreciated.

Yours sincerely,

Mrs Lindsey Walker  
Acting Head Teacher
