

## Class Behaviour Expectations

We learnt about the UN Rights of the Child . The class realised that for every right they have, they also have a responsibility . We then discussed and agreed a list of expectations such as Be kind, Show respect, Work hard, listen carefully. We use it every day.

Our classroom is our learning environment and as such we expect everyone to respect our learning space, help keep it tidy and welcoming for all of us.

## Dates for your diary

18-21 Sept Autumn Break  
16 Oct Half Term

Acting Head Teacher:  
Mrs L Walker

Depute Head  
Teacher:  
Mrs A.Dingwall

Be the best we  
can be!

**Primary P5B Newsletter**  
**September 2020**

**Be the best we can be!**

## Welcome to the first newsletter of the year!

I am absolutely delighted to have P5B again this year! We had only just got to know each other before we locked down in March. They are such a wonderful class and I am excited about where our learning will take us during this unusual year. We will continue to use SeeSaw for some homework tasks so you can continue to communicate with me there, should you have any questions.

**Carol Burnell**

### Class housekeeping

The class will have Mr Cook every **Thursday** afternoon for PE and Health and Wellbeing. They will be spend as much time as possible outside, weather permitting. Please remember to send your child dressed in their PE kit for the whole day on Thursdays.

### Waterproof Jackets—please

remember to send your child with a waterproof jacket and appropriate footwear so that they can access the outdoor learning environment in all weathers.

Finally, please remember to label your child's belongings. Identical jumpers are tricky to match if they're not named!

## What's happening this term?

We will work extremely hard to raise attainment levels in numeracy and literacy. We will build on the children's prior knowledge and then move forward.

Topics will be based around Our Planet.

- Animals and their habitats
- Climates and map reading skills connected to habitats

In addition we will learnt about Festivals around the world (which continue all year) and carry out a book study on one of Roald Dahl's books ( class will choose)

In **Numeracy** we will be focusing on the 5 domains every week which include number sequences and place value, addition and subtraction, multiplication and division, equations and algebra, fractions, percentages and decimals.

In **Maths** we will be learning about time, analogue and digital and money. Please practise this at home as often as you can!  
In **Literacy** we will continue with a skills based approach to reading and comprehension.

We will also be following a Resilience Recovery programme and a **Health and Wellbeing** programme.

### Homework

Whilst we understand that family life can be hectic we do appreciate your efforts to complete the homework tasks. All homework is intended to reinforce learning. The homework tasks will now be posted on Seesaw. If you feel you need any advice, support or resources in order to help your child with their homework, please let me know.

### Home-school contact

If you have any concerns or questions please do not hesitate
