## My Daily Routine at School

In the morning, my teacher will meet me in the playground where I will be lined up with my class.

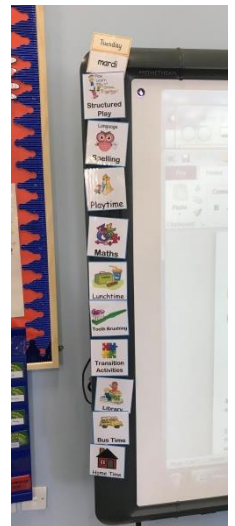

When I go into the School, I will hang my coat on my peg, use the hand gel at the door and go into my classroom.

My teacher will then do the register and welcome everyone to class. We will do a calendar and talk about our day.

We will sit at our own desk, or on the carpet, when we do our register and welcome time together.

We learn lots of different things every day. my teacher will put up our Timetable of the day to let me know what I will be doing.

## Playtime

When it is playtime, Mrs Beechman or Mrs Jardine/Mrs Wightman will help me to get my coat and snack to line up ready to go outside for playtime. I will have washed my hands/hand gel before I go out/have my snack.

I can play games with my friends and eat my snack. We have adults with us in the playground. At the end of my playtime, I line up with my class and my teacher comes and meets us.

## Lunchtime

We currently have lunch in our classroom with our class. Adults will be there to help us. We will wash our hands before we eat. I will sit at a desk to have my lunch. I will have a school packed lunch/hot lunch or my own from home. Afterwards we will go and play outside.

This is Audrey, she makes our lunch and the other ladies help her. They are all really kind and helpful.

## Home time

At home time, I will wash my hands/use hand gel and my teacher will take me out to the playground. I will wait until I see someone and I will wave to them to show Mrs Beechman and Mrs Jardine/Mrs Wightman who is collecting me.

If I go to After School Club the lovely ladies will come and collect me. I will wait at the classroom door until they come and get me.
