

SEVERE WEATHER PLANS

IN PRIMARY 2

Literacy and English

- Read a story together with someone at home and discuss your favourite part.
- Make some Hot Chocolate with someone at home to enjoy in the warmth and then write instructions about 'How to make Hot Chocolate'. Include drawing/photographs for each step.

Numeracy and Mathematics

- Visit <http://www.readwritecount.scot/count/> and choose some of the activities and games to do at home.

RE

- Choose a Bible story and create a comic strip with 6 pictures to sequence the story you read. Add a sentence to each picture to explain what is happening.

Expressive Arts

- Draw a winters day picture in the style of pointillism. Pointillism is when the picture is made up purely by dots. A famous painter who uses this style is Georges Seurat. Look him up on the internet and watch the following clip for inspiration <https://www.bbc.co.uk/education/clips/zg6dsg8>. You don't have to use a cotton bud, you can use pens or pencils as well.

Social Studies

- Keep a weather diary recording the weather in morning, afternoon and evening. Consider cloud cover, precipitation, temperature, wind direction and wind speed. Watch the weather forecast as well as observing the weather to help you.

Health and Wellbeing

- Help to prepare a meal with someone at home and take picture of you helping.
- Consider 'Our Learning Powers' throughout all the tasks you complete and discuss which powers you have used and why you used them.

Don't forget to Tweet your learning throughout the day!
