  • Create a character  
  Create a character to add to a book or game, describe him/her. Think about tiny details that give hints about personality. Likes, dislikes, consider punctuation. | • Times tables  
  Create a game to help you work on perfecting those tables! Write down the rules and play the game with someone at home.  
  • Plan a party for up to or including ten people. Your budget is £35.  
  • Create a graph or table of your choice identifying how many, what colour of cars that go past your window in a 30min period. You could change this to birds or people if you wished. | • Can you draw a map of your local area? Highlight interesting landmarks.
