You are going to write your spelling words two times. First write in regular letters. Then write the words again in squiggly letters!
Come up with a code for each letter of the alphabet. Write down your code.

*Example:  a= ★ b= 🌈 c= 🌈

Then write your spelling words in code.
You must write the actual spelling word next to the “code word.”
Spelling Bee

Practice your spelling words all week. At the end of the week ask a parent or sibling to test you on your words. See how many you can now spell correctly.
