| **PE Lessons**       | You are going to be a Scientist. You will need: a plate, some water, pepper and liquid soap or washing up liquid. Follow along with Glasgow Science Centre’s activity about germs and how soap helps. Enjoy!  
https://youtu.be/DGaLC4XB6a8 | While you are out on a walk, keep an eye out for blossom trees and take a picture. They are particularly beautiful just now. You might even have one in your garden. When you get back to your house (or you might want to do this when you are out) create a blossom tree piece of art work. You could draw it and colour it using pens, pencils, chalks or crayons or you could paint it using brushes or your fingertips! You decide! We look forward to seeing you master pieces! |
| **Obstacle Course**  | Washing your hands well is so important, especially just now. Make a poster to display at home to remind your family to wash you their hands regularly. | On your daily walk find a rock or large stone. When you get home use your creative skills to turn you rock into a little rock person. Decorate it using pens or paints and any other craft materials you might have. Give your little friend a name. You might even want to make them a little house or make them some clothes. Most importantly have fun! Again, we would love to see your creations! |
| Make an obstacle course in your garden or an open space using things you find around your house. Try to include balancing, jumping, rolling and different types of movement.  
*Time how long it takes you to complete the course. Can you beat your time?  
*How many times can you complete your course in 1 minute? | | |
| **Yoga**             | You are going to be a Scientist. You will need: a plate, some water, pepper and liquid soap or washing up liquid. Follow along with Glasgow Science Centre’s activity about germs and how soap helps. Enjoy!  
https://youtu.be/DGaLC4XB6a8 | |
| If you are looking for something quieter and more relaxing try Cosmic Kids Yoga. Here are 2 links to sessions you might enjoy! Pokemon Yoga and Frozen Yoga | Washing your hands well is so important, especially just now. Make a poster to display at home to remind your family to wash you their hands regularly. | |

### French

Continue to practise saying your French greetings. Can you say hello/good-bye? Can you say ‘my name is...’ & ‘what is your name?’ Link to a fun song if you need help -  
https://www.youtube.com/watch?v=NXkT88ypPYQ

Go for a spring walk. Practise your photography skills by taking photos by yourself of any signs of spring that you see. It might be blossom trees, flowers, lambs in the fields, buds on trees, tweeting birds etc.

Things to do everyday  
- Enjoy reading at least 3 stories  
- Play a board game or complete a puzzle  
- Help prepare your meals  
- Help around the house. (set the table, make your bed, tidy your room.).  
- Count forwards and backwards from 20 while washing your hands.

**ICT**

Over the next 2 weeks we would like you to work on learning your numbers to 10 in French. Here is a great song to get you started.  
[Count to 10 in French](https://youtu.be/NXkT88ypPYQ)(click here)

Go for a spring walk. Practise your photography skills by taking photos by yourself of any signs of spring that you see. It might be blossom trees, flowers, lambs in the fields, buds on trees, tweeting birds etc.

When you get back use the App ‘Pic Collage’ to make a Spring collage of your best photos. Send it to your teacher, we would love to see it 😊

**Other**
