

ASSESSMENT AND REPORTING ON PUPIL PROGRESS

Care is taken to ensure each child has the opportunity to progress and find success at a level appropriate to his/her ability.

Assessment of pupils' progress is monitored by a combination of continuous assessment, specific assessment material, standardised tests where appropriate, self and peer assessment.

Pupils in P7 have an electronic profile and pupils update this regularly to add information about their achievements. This profile then follows the children to High School.

In November we have an Open Evening for parents when children take the lead in sharing their learning with their parents. Formal Parents' Consultations are held in March, but parents are welcome to make an appointment to visit the school at any time to discuss their child's progress.

This year we are using Seesaw a secure on-line journal where students can document and reflect on what they are learning in class. This will enable the child to add the things they work on (including photos, video, worksheets, drawings and voice recordings) to their Seesaw journal. They are then shared privately with parents and other family members to view and comment throughout the school year. This therefore means that a report will not be sent out to parents in June.

Pupil achievement both inside and outside of school is recorded in a Pupil Achievement book.
