

## This week in Primary 1 we are learning...

### Numeracy and Maths

- To order numbers and find missing numbers in a sequence
- To count backwards
- To add and subtract
- To investigate different ways to measure

### Health and Wellbeing

#### Health and Wellbeing Fortnight

- To build skills within athletics
- To concentrate and quiet our minds through mindfulness and breathing
- To describe what makes us feel good
- To learn about a famous athlete and think about why they became so good at their sport

### Literacy

- To hear, say and write the sounds made by letters
- To correctly form lowercase and uppercase letters
- To read and write common words

#### Novel Study

- To identify features of books (author, illustrator, characters, speech bubbles, punctuation)
- To describe the main characters using a range of adjectives
- To predict the outcome of a story
- To ask questions

### Other Areas

#### Nursery Transition

To work with others to complete activities

### Home Learning Ideas

- Practise sounds and key words daily
- Read, build and write the word lists in your Home Learning jotter
- Read and write words from the common word list
