Customer  
Newton Church Road area  
Danderhall  
EH22 1LT

Dear Customer

### Road closure and parking suspensions

As part of our commitment to keeping you safe and warm by making sure our network is fully maintained, we're laying a new durable plastic pipe in Newton Church Road. This will help us keep the gas flowing safely and reliably for all our customers well into the future.

Our engineers aim to start work in the area during w/c 2 July and should be finished in approximately 10-12 weeks.

To help carry out these essential works it will be necessary to close Newton Church Road to through traffic. Local diversion routes will be in operation during this time.

Due to the size of pipe involved and plant and equipment required to carry out these works safely, parking suspensions will also be in operation throughout this project. This will also affect access to driveways.

There should be no impact on your existing gas supply. We're just making sure our network is fully maintained, keeping you and your family safe, and I'd like to thank you in advance for your co-operation.

If you'd like to get in touch to discuss anything prior to commencement, you can speak to our local office on 0131 469 1728 or Customer Service team on 0800 912 1700, alternatively you can email us at [mains@sgn.co.uk](mailto:mains@sgn.co.uk). Further information about SGN, our Customer Charter, and our Guaranteed Standards of Performance can be found at [sgn.co.uk](http://sgn.co.uk).

Yours sincerely

Project Manager  
Matt Ferguson
