

Elements, compounds and solubility
Homework 2

Read the following statements and decide whether each one is true or false.

1. Every material is a pure substance
2. The symbols of all elements have two letters.
3. The symbol for iron is Fe.
4. The symbol for copper is Co.
5. All metals are solids at room temperature
6. Lead is made up of only one type of atom
7. There are many more metals than non-metals in the Periodic table.
8. All gases are elements (8)

Now make up **two** other true statements from your work on elements and write them down.

- 9.
10. (2)
