

P3/4 Intended Learning Week Beginning 19/03/18

Religious Education

We will focus again on God's loving plan.
Primary 3: Taking care in the play ground
Primary 4: Will focus on how much they have grown and change over the years

Health and Wellbeing

We will also learn to serve a ball over the net in PE and practice general racket skills. (Tennis)

Literacy

Listening and Talking

We will revise what we have learned about our brain and discuss the phrase: imagine your intelligence growing. We will give feed back to individual dance groups, helping them to evaluate and improve their dance sequence.

Writing

We will be writing a severe weather safety guide which will assess what we have learned in our recent topic. We will write a letter to persuade a wizard to lift a spell. (This will also be an assessment task).

Reading

We will learn to sequence events in an unfamiliar story. We will read an exciting story (secret one) which will assess what we have learned about time and comprehension strategies.

Numeracy

We are still learning the 4x (P3/4) and 8x (P4) tables using one word problems (P3/4)
We are learning and consolidating to read the time to a quarter past and quarter to (P3) and explore the link between analogue and digital time notation (P4)

Skill/ Disposition Focus

Primary 3: Confident Individuals: I can stay on task and not let others distract me.
Primary 4: Confident Individuals: I can talk about my attitudes to learning. The P4's have decided to keep my skills focus for one more week so we can collect more evidence, as have the P3's.
