

## Online learning

Drama early level

Jan 2021.

Hello everyone!

Our drama for the next three weeks is going to be all about Katie Morag. You will need to listen to the book Katie Morag delivers the mail - (or ask someone at home to read it to you if you have a copy) before we begin our drama.

Remember to have fun - and enjoy your drama over the next few weeks - let your imagination run free!

Hoping to see you all soon,

Ms Aird

Week beginning	Activity/ activities
11/1/21	Listen to/ read the story "Katie Morag delivers the mail." <a href="https://www.youtube.com/watch?v=ORSXhA18TW8">https://www.youtube.com/watch?v=ORSXhA18TW8</a>
18/1/21	Pretend that you are Katie Morag... start off by pretending to be asleep in your bed. Wake up, and using mime do the following!  Get out of bed! Take off your pyjamas and get dressed as Katie Morag. Wash your hands and face - don't forget to pretend to brush your teeth and your hair!

Go into the kitchen (just take a big step forward and using your imagination you'll be in Katie Morag's kitchen!)

Stop and think ...

What do you think Katie Morag likes to eat at breakfast time? What do you like to eat for your breakfast?

*Extra activity - use a clean paper plate - or cut a circle in card/paper and draw what you think Katie Morag would have for breakfast.*

In mime eat your Katie Morag breakfast.

Pretend to put on your jacket and hat and scarf and go outside (in your imagination) for a walk.

Katie Morag lives beside the sea, what do you think living at the seaside would be like?

*Extra activity - draw a picture of what **you** can see from your window. How is it different to what Katie Morag sees?*

*Tell someone about what you can see when you look out of your window.*

Pretend you are Katie Morag going for a walk on the Isle of Struay again.

Think about -

What you think you would see?

What you think you would feel?

What you think you would hear?

What you think you would smell?

What you think you would taste?

On your walk.

*Extra activity - draw a picture of Katie Morag with 5 thought bubbles around*

	<p><i>her head, draw inside one bubble what she sees, another what she hears and so on. Take a picture of your drawing and save it.</i></p> <p>The next time you go for a walk outside think about what <b>you</b> see, hear, feel, smell and taste. Tell someone in your house and ask them what they saw etc.</p>
25/1/21	<p>Who else might live on the Island of Struay? (fishermen, farmers, artists, café owner, sailing school etc.) What do they do all day? Pretend to be one of these people at a time.</p> <p>Using mime try out each of their jobs one at a time. Think about what that person would wear to help them with their work, how they would walk and move, if they must lift anything heavy/smelly/squishy when they are at work? How could you show how they feel when they are working? (use your facial expressions and your gestures) <i>Extra activity - draw a picture of some of the island workers in their own environments. (e.g. the fisherman/fisherwoman on their boat out at sea, the farmer in their field looking after the crops/animals)</i></p> <p>Katie Morag's mum and Dad run the village store and the Post Office. What do you think the village store would sell? Pretend you are Katie Morag's Mum or Dad, serving people in the</p>

village shop (you could use some toys to be your customers or ask someone who lives in your house to be the customer).

What would they buy? How much do things cost?

*Extra activity - collect some empty packets, small boxes (the kind you might recycle) that used to contain food ... make sure they're really empty first! Use these as props in your village shop to "sell" to your customers. Or make your own from junk.*

Pretend a customer needs some help. What could you do and say in role as Katie Morag's Mum or Dad to help them? Act this out.
