Children's Interests

Children have been very interested in new babies especially with Gem going off on maternity leave. They have been looking at how to care for a baby, what they need and how to look after them.

The nursery children were finding out about fire safety and bonfires. This raised an interest in cooking on a fire and we had a fire pit to cook sausages for snack.

There has been a lot of interests in making cakes as we now make cakes when it is a child's birthday. This interest has spread to the sand pit and play dough table when different resources have been added.

Children have shown an interest in co-operating and sharing resources and using words to express how we feel.

Other information:

Gem has gone off on maternity leave the children and staff wish her well and look forward to meeting her baby girl in the near future.

Please remember to dress the children appropriately for the weather marking names on everything.

There are a lot of children with colds and sniffles at the moment can we ask for donations of tissues please.
