

More than 2,300 schools across Scotland received additional support worth thousands of pounds, which was to be spent at the discretion of teachers and school leaders to close the poverty related attainment gap in their schools. Allocations are based on the number of pupils from P1 to S3 who are eligible and registered for free school meals, with schools receiving around £1,200 per pupil. We received £51,600 this session and carried forward £19,143 from last session totalling £70,743. Below are the interventions and resources we felt supported the needs of our learners and our context

 <u>WHAT?</u>
