

Welcome Back!

We hope you all had a restful and enjoyable holiday. We are all looking forward to working together with you and your child in 2019.

Climbing

As you know we have already had our first session of climbing and the children LOVED it! Urban Uprising, a charity that are working in partnership with Eden Rock (based at Loanhead), are providing the sessions free of charge as a way to improve physical, social and emotional wellbeing. We have a block of 6 lessons.

School Extension

Cuiken Primary School is currently getting an extension built with more classrooms being added on to the area immediately outside the Provision. This will be happening over the next 8 months. A new Provision will be built for us and the good news is that we don't need to move out of our current base until the new one is built - this will limit any disruption.

The positioning of the Provision will be the same, in that we will be based at the side of the school with our entrance closest to the car park. In the meantime there will be limited parking available due to the construction vehicles needing access. There is also the need for children to be aware of the dangers associated with building sites and not leave the building without permission; this is never ok but it is even more important when we have vehicles and workers on site.

Our 3 'Rules'

*** Be Safe * Be Kind * Achieve**

We talk about these 3 aims all the time with the children and praise individuals when they are putting them into practice. It would be great if you could keep talking about them at home also. We make sure that the children know that 'achieving' can mean many things from learning a spelling pattern to taking some space to calm down instead of shouting at someone. Feel free to tweet us @Cuiken_Primary some examples from home with our hash tag #besafe#bekind#achieve

Learning Targets

All of our children have their own Individualised Educational Plan (IEP) and each term we set new targets based on their needs and what we want them to learn within the Curriculum for Excellence used in all Scottish schools. We also share what we are learning with your child's mainstream school so that all the adults are working together in partnership. Your child is involved in talking about their targets and reflecting on them. We will share them with you at your child's planning meeting or send a copy out if there is not a meeting scheduled around the time they are reviewed and updated. Any questions, please just ask.

Thank you
Team Provison

Rosie Campbell (Principal Teacher), Manuela Wilson (class teacher), Michelle Ritchie (learning assistant), Vicki Middleton (learning assistant), Lyn Palmer (learning assistant)
