

Your child is building their reading skills, along with their love of reading, using Accelerated Reader (AR) in classrooms all year long.

At this time of school closure they can continue these reading experiences at home.

In addition to reading books of their choice that help them grow as readers, they also can complete AR quizzes that help monitor their progress when they are out of school.

To access Accelerated Reader from home please follow this link:

<https://ukhosted37.renlearn.co.uk/2243960/Public/RPM/Login/Login.aspx?srcID=s>

Once you have followed this link please login using your child's Accelerated Reader username and password which are in the front of their green jotter.

It is important that you **copy and paste or click directly on this link** rather than look it up through a search engine, as otherwise your child's login details may not work. Once you have accessed and logged in you can bookmark this page and enter through the bookmark in the future.

Tips for using Accelerated Reader at home

- Use **ARbookfind.co.uk** (www.arbookfind.co.uk) to search for books you may have at home or nonfiction articles your child can read digitally in AR.
- Enjoy reading together and independently.
- Remember while it's important to share reading experiences with your child at any age, it is equally important that children complete their AR quizzes independently so we can effectively monitor their growth and identify areas of need that we can address.

Further Information

Accelerated Reader works on the following devices:

- Windows computers
- Macbooks
- iPads
- Android tablets
- Chromebooks
- Kindle Fire HD
