

## Rosewell Primary School

Friday Feedback 30<sup>th</sup> March 2018

### Nursery News

1. We have been busy with Easter crafts this week and we had a great Easter Egg Hunt too .
2. We have now finished our outside musical wall .
3. We also had great fun baking and decorating fairy cakes with patterns and, of course, we had to eat them!

### Deputy Minister's Maths Challenge for P6

All P6s should have their P6 challenge booklet for the Easter holidays. Please look out for these.

### Thank you

Thank you to all the parents who joined us for Parental Engagement Week. We hope you enjoyed the many activities that were on offer.

### Lifelong Learning Team and Raising Children with Confidence

Raising Children with Confidence will hopefully start in May . The course runs over seven weeks and explores emotional health and wellbeing and looks at ways to promote resilience. More info will follow.

### Bike Checks P6

First day back after the break – please bring in bikes for checking

### Seasons for Growth

We will be running a Seasons for Growth group for P4 – 7 pupils next term. It is an education programme primarily for children who have experienced a lot of change in their lives eg death, separation, divorce or related circumstances, with the aim of helping children learn how to manage change and loss effectively. If you are interested in your child participating please contact Mrs Richardson directly.
