

# BONNYRIGG HOME LEARNING GRID

W/c - 18th May 2020

## PE

What's your name workout!  
Look at the document for this and do the work out. Instructions are on the document.  
The longer your name the longer your workout will be! Have fun.

## Science

Please create a boat using recycled materials.  
Your boat needs to be able to float in water.  
Can it hold anything, such as a coin?

Try out different materials such as:

Plastic bottles/containers

Tin foil

Cardboard

Paper

Wrappers

Be creative!

## Health & Wellbeing

Have a look at the I am Amazing worksheet and finish off the sentences. Another good idea with this worksheet is to fill it out for someone else, then show them it. It would be good for someone else to hear why you think that they are amazing!

## Learning Time

Watch the video of the Gruffalo in Scots. If you have the book, then you could read it too.

Take a note of any Scottish words that you don't know the meaning of, then find out the definition.

You could create your own Scots dictionary.  
If you know what all of the words mean, then please still note them down and explain their meaning. You could even try to speak in Scots slang for a day.

<https://www.youtube.com/watch?v=e2qmm9o77N> U

## Music

Chrome Music Lab!

<https://musiclab.chromeexperiments.com/>

Music mixed with ICT! Can you create your own songs on Chrome Music lab? There are a lot of different options.

You can also create your own rhythms, choosing different animals to use different instruments.

Have fun.

## French

Can you remember how to say the different types of weather in French?

Have a look at the PowerPoint, and practise saying some of these phrases.

You could keep track of what the weather is like each day. Scottish weather changes all the time!

# BONNYRIGG HOME LEARNING GRID

W/c - 18th May 2020

## Exercise Time

Complete a Joe Wicks PE lesson, Cosmic Yoga or GoNoodle session.

## Environmental Studies

Go on a Nature walk. As you walk around look for evidence that spring is here. What can you hear? What can you see? What can you smell? Record your findings any way you like e.g. in a list, draw a picture etc.

## Geography

'Where am I on a Map?'

Complete the 'Where am I on a Map?' booklet.

## Numeracy

Log on to Sumdog or Education City and practise your numeracy skills.

## History

Choose from: The Romans, The Vikings, The Tudors, World War 1 or World War 2.

Using the internet and any information you can access at home, find a **minimum** of 5 important events within your chosen topic. Write each event down in the form of a timeline.

## In the News

Each day, record one News Headline and write a short paragraph about what the headline was about. You could have heard it on the radio, watched it on the TV or read it in a newspaper. By the end of the grid you could have as many as 14 News Headlines.
