Hi Georgina, do you have info on whether staff can use the copyright exception 'Fair Dealing' on materials uploaded to NILE?

Hi Georgina,

As you're going to speak to us soon about copyright I wondered if I can ask you about our position on the exception 'Fair Dealing'?

As I'm working on a blog post for the LearnTech blog about this and how this applies to a VLE such as NILE, and couldn't find any guidance on this on our web site.

(See attached draft)

If you have any information on this I'd be very grateful.

Many thanks.
