This is why [#openscience](#) matters. It's about workflow, but also archiving, [#opensource](#) tools, and expecting the unexpected.

**Terry McGlynn**  @hormiga

I just got an email asking about data in a 20 year old paper. I have a folder on my computer for this project, full of unreadable files.

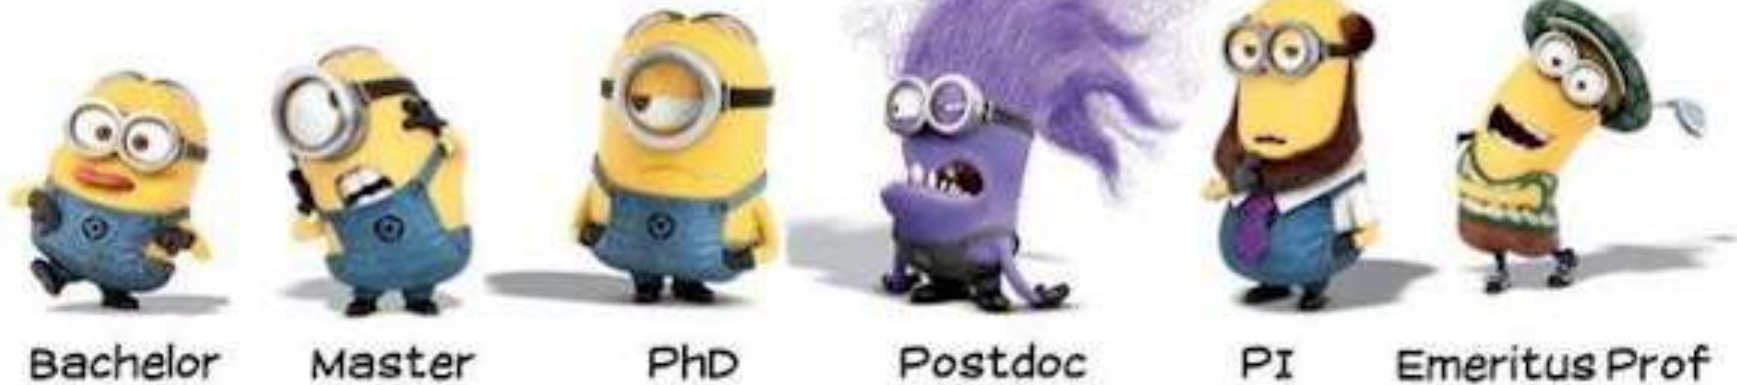

# Current Main Focus...

- **CRIS** (Current Research Information System)
- **REF** (Research Excellence Framework)

# Lots of distractions, challenges and obstacles along the way...

- Lack of Resources
- Lack of Expertise

**Credit:** Dr Paul Coxon

Lots of distractions,  
challenges and obstacles  
along the way...

- Lack of Resources
- Lack of Expertise

# Benefits...

- See bigger picture
- Never a “dull” moment
- Opportunity to grow, learn and be challenged

“A bend in the road is not the end of the road...  
Unless you fail to make the turn.” Helen Keller
